***Calculating a Module Final Mark:**

1. Record the grade for each module item as a percent.
2. Multiply each module item % by its weighting to get the weighted mark.
3. Add those eight weighted marks together to get the Module Final Mark.

Calculating a Course Final Mark:

1. Indicate which Module each mark is coming from and record that mark as a percent.
2. Multiply each Module (%) by its weight to get the weighted mark.
3. Add the two weighted marks together to get the Course Final Mark.

Grade Calculation	Mark (%)	Weight	Weighted Mark
Module _____ Final Mark		0.50	
Module _____ Final Mark		0.50
