

## Material Covered:

Planning 10 is a required course for graduation under the 2004 rules, and lays the foundation for all the studies which follow in Grades 10–12. It helps you develop your roadmap to graduation and the transition to the world beyond high school. The course is comprised of four broad areas consisting of eighteen units:

### Graduation Program and Grad Transitions

- What you need to graduate
- Getting credits toward graduation
- Putting it all together
- Exams, Awards, and Scholarships

### Education and Careers

- Personal interests and attributes
- Post-secondary education and training
- Labour market information
- Employability skills
- Employment standards and workplace safety
- Support networks and resources
- Transition plan

### Health

- Healthy living
- Health information
- Healthy relationships
- Health decisions

### Finances

- Financial literacy
- Education costs and career options
- Financial plan

## Textbooks:

The course uses the resources:

*Grad Planner Graduation Program*

*Horizons 2000+*

*LifeChoices: Healthy & Well*

*LifeChoices: Relationships*

*LifeChoices: Venturing Out*

Achieve BC

ISBN 0-07-087411-5

ISBN 0-13-244195-0

ISBN 0-13-242173-9

ISBN 0-13-244278-7

## Notebook:

Your notebook should be neatly organized, as this will help you study for tests. Label the unit and topic headings clearly at the top of the page. Answer questions fully, so that the information makes sense and can be used later for studying. Show which textbook and which page number the information comes from so you can look it up again easily.

## Grading:

This course works on a mastery system. You must pass the mastery tests in each unit to the 80% level before you can go on. Some units have project work or reports instead of mastery tests. These projects or reports may only be presented once unless you have your teacher's permission to resubmit your work. In addition, there are cumulative tests from time to time. These are tests you can only take once, so studying before them is essential to do well. Your final mark for the course is based 60% on the mastery unit tests and 40% on the cumulative tests.
