Start Date:

Textbook #

✓	Unit	Material Covered	A	B	C	Avg %	Date
	1	Atomic Theory – Comp. & Behaviour of Matter					
	2	Elements – The Building Blocks of Matter					
	3	Elements Combine to Form Compounds					
	Cumulative Test #1 - Atoms, Elements & Compounds						
	4	Nucleus Controls the Functions of Life					
	5	Mitosis					
	6	Meiosis					
	Cumulative Test #2 - Reproduction						
	7	Static Charge					
	8	Ohm's Law					
	9	Electrical Circuits					
	Cumulative Test #3 - Electricity						
	10	Formation of the Universe					
	11	Stars, Planets & Distances in Space					
	12	Human Understanding of Earth & Universe					
	Cumulative Test #4 - Space Exploration						
	Final Course Grade
